The screenshot shows the Kodi main menu on the left with options: Movies, TV shows, Music, Music videos, TV, Radio, Add-ons, Pictures, and Videos. The main content area displays the title "Kodi for PC Windows 10/8/8.1/7/XP/Vista Download" and a message: "Your library is currently empty. In order to populate it with your personal media, e Files" section, add a media source and configure it. After the source has been added indexed you will be able to browse your library." Below the message are two buttons: "Enter files section" and "Remove this main menu item". At the bottom of the screenshot, the URL <http://mobdroforpcwindows.com> is displayed.
